Dear Friends,

We are writing partly to catch you up on our newest project. This is the same project that we told you about a year ago. We did change the name to Gettin' Savvy and have enlarged it to be not only a thrift store but also a second hand shop. We opened the first week of October.

The first 10% of all sales goes to a mission dear to us called Destiny Rescue and specifically to one of their missionaries. This ministry is Internationally recognized and is dedicated to ending human trafficking. The other funds are to help with the cost of running Gettin' Home.

I find it hard to believe that it was 6 years ago when we began. There have been a lot of new beginnings since then. Please continue to pray for all who have come through our doors. We appreciate the faithfulness of you and your helping hand for this ministry. Money is always a need but many of you write an encouraging word or let us know that you are praying. These acts of kindness mean so much to us.

Another reason for writing is because 2017 has been a tougher year financially. It seems we have had people with greater needs. And as we all know needs can't always be put on hold. Don't get me wrong, God is always faithful. There have been many times that suddenly all we needed was provided. That is why I know God will do it again!

I also know that God speaks to individuals that He has blessed to help in specific areas. So today I am going to lay our three greatest needs before you. If God doesn't tell you to do something about these needs, do nothing. But if He does and you do, know there will be lots of rejoicing for it.

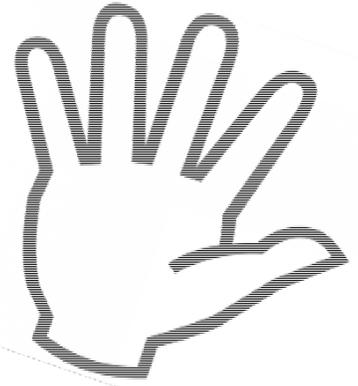

The three needs are listed here. We have a balance of \$3,700.00 due the first of December for the remaining balance of two new heat and air units. The other need is \$1,500.00 for the balance of our insurance premium. Which is now due. The remaining is \$400.00 for a higher than expected plumbing bill. If God puts this on your heart, please prayerfully consider helping us.

We have enlarged our Information and referral service to help serve the community and surrounding areas. We find that many do not know where to call or go when they have a specific question or need help. We feel strongly that this will be a great resource to many.

Our program has changed in some areas. We now take women that are in danger of or have been incarcerated. Before, we only took women from prison. You may have a loved one or a friend looking for a place to get help. If that is the case please go to our website: [WWW.gettinplace.org](http://WWW.gettinplace.org) and click on the application link on the home page. It will download as a PDF file. You can print and mail the application to us. Blessings, Fran
